Past Pres Barry was fined for no Christmas gift and no card.

Past Treasurer Bruce was similarly fined for no tree, card or gift.

Phil announced a new committee to deal with the marketing and the delivery of the parade float.

Introduced by Linda van Aalst, the speaker today was the Warden of Grey County Don McCausland. Formerly a dairy farmer living in Euphrasia, he has been on County Council for many years. He spoke of the various standing committees of council. The Transportation Committee coordinates road rationalization. The Planning Committee's mandate is development. They have the Heritage Center underway at present. The Social Services Committee assists those in need and oversees the three residential facilities for Grey (Lee Manor, getting a \$12,000,000 upgrade, Rockwood and Grey Gables). The Finance and Personnel Committee pulls it all together financially. Warden McCausland welcomed Owen Sound back into the County structure, and noted Owen Sound and the Town of Blue Mountains were of equal size. With the restructuring there are nine municipalities in Grey. The speaker was thanked by Past Pres Arnold.
